

GET TO KNOW THE CANDIDATE

Candidate questionnaires help voters make informed decisions by showing where candidates stand on key issues. They also let communities share their values and priorities, ensuring that candidates understand what matters most to the people they seek to represent.

PERSONAL

- What inspired you to run for this office?
- What education, work experience, or public service has prepared you for this role?
- What values guide your leadership and decision-making?

COMMUNITY

- What do you believe are the most important responsibilities of this office?
- What are your top three priorities for improving the quality of life in our community?
- What is your approach to balancing economic growth with community needs?
- How do you plan to support future generations through your work in office?
- Where do you see our community in 5-10 years, and how will you help us get there?
- How will you support essential public services such as education, transportation, health, and safety?
- How will you support efforts to ensure that every eligible citizen can vote?

CAMPAIGN PLANS

- What actions would you take to encourage voter registration in your district?
- How do you plan to stay accessible and responsive to constituents?
- What steps will you take to ensure transparency in your decisions and use of public resources?
- Why should voters trust you to represent their voices and values?
- How can the government make the voting process more accessible and transparent?
